

Meeting Rooms

We can give you a professional environment in which to meet your clients - without the overheads.

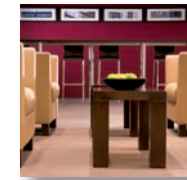

As a valued client of Money Penny, the number one telephone answering service, you can walk into any Regus office nationwide and take advantage of the superb meeting room facilities on offer - all at a discounted rate.

These are contemporary, prestigious, city centre buildings. From a dedicated team to support you and greet your visitors, to the highest standards of modern finishes, furniture and equipment, every detail has been carefully thought of. The rooms are unbranded, which allows you to clearly present your own image on the day.

The packages available are tailored to your requirements and include many extras such as tea, coffee, water and biscuits. Rooms can be rented by the hour, half day or all day – it's up to you.
